COMMISSION PURCHASES LANDFILL SITE FOR \$151,905.00

Jeter Subdivision residents wants their roads fixed now

By Marvin McIlwain
Elba Clipper Editor

A group of residents from the Jeter Subdivision appeared before the Coffee County Commission seeking help on improving their roads.

Spokesman for the group, James Sims, reminded the commission that the roads into the subdivision, Indigo Creek Road and Tanyard Branch Road, had been accepted for county maintenance back in 1972. He presented documentation to substantiate his claim to the commissioners.

According to Mr. Sims, "In the past 10 years, this road has decreased and has not been improved."

The commissioners were told that on Friday, November 16th, several of the children who live in the subdivision had to walk home because the county school bus would not travel the road. Due to heavy rain, the driver of the bus said it was unsafe for the bus to travel.

Mr. Sims' child was one of the children who had to walk approximately .8 of a mile from AL-51.

Commission Chairman Billy Eagerton stated that the county has made several attempts to fix the roads in question, but he admitted, very little has been accomplished.

Eagerton cited one incidence where a culvert was installed to county of the subdivision (the person no longer lives in the subdivision) dammed up both ends of the culvert.

Water lines into the subdivision, according to Eagerton, also pose a problem to any work being done on the roadway. He said that when ditches are pulled on the road, water lines are torn up and have to be repaired.

"We have done a lot or we tried to do a lot," said Eagerton, "and everytime its always that I'm going to get sued or we're going to get sued or something!"

"I've even been asked to pump the water (drainage water) up hill - we can't pump the water up hill!" said Eagerton.

The documents shown to the commissioners calls for a thirty-foot right-of-way. According to County Engineer Mark Pool, thirty feet is simply not enough right-of-way to build a road adequate enough to handle the volume of traffic into the subdivision.

As to water drainage, Pool stated that the water will have to be directed toward the lowest points in order to get proper drainage. He said this means it's going to drain onto or cross someone's land.

Pool stated that the road condition in Jeter Subdivision "will only get worse and worse."

"The more it's bladed the worse it will get!" Pool said. "Paving is the only solution."

An attempt was made several months ago, according to county officials, to acquire deeds to additional right-of-way, but only two or three residents signed the deeds.

Those residents present in Monday's meeting expressed concern that no county official accompanied the individual who was attempting to get the deeds signed.

"No one told us what was going on" was the group's response.

At times, it appeared that the discussion was going to get out of hand and a shouting match would ensue.

The group was reminded by Chairman Eagerton that he and Mark Pool had met with a group of residents from the subdivision several months ago, but nothing was accomplished because the meeting deteriorated into "one big argument."

After approximately forty-five minutes of discussion, there was no concrete agreement reached on how to best fix the road. The thirty feet of right-of-way, the water lines, and water drainage seemed to be the big questions or stumbling blocks to reaching a decision on what to do.

Chairman Eagerton told the group that he would be willing to set down with them and resolved their road problem once and for all, but he would not participate in another shouting match or name calling contest.

"I'm fully convinced that Mark has the expertise to build you a road," Eagerton said. "I'm fully convinced that this commission will support building a road as long as you (the group) and we get together on how to do it," continued Eagerton.

Eagerton asked that Mr. Sims get with him on setting up a date to discuss the matter.

He thanked the group for coming to the meeting.

The commission passed a resolution commending Sandra Coffey, Coffee County Extension Service Agent, for the work that she and her agency has done with the Adopt-A-Family.

Mrs. Coffey accepted the resolution on the behalf of the other four county agents commencing that without their cooperation, very little could have been accomplished.

The commissioners were told by Mrs. Coffey that the Adopt-A-Family Program is now being "phased down," but follow-up work will continue in the program.

Pool recommended to the commission the purchasing of a site for the new county landfill. The approximately 450 acre site is located Northeast of Elba on Alabama Highway 125 between the Wise's Mill and Victoria Communities.

There were 18 different sites looked at by the county, but according to Pool, only three of them really met the requirements as a potential landfill.

The cost of the land to the county is \$151,905.00 which will be financed over a five year period by the landowners themselves.

The commissioners voted unanimously to purchase the land.

With the purchase of the land, the county can now make application for a landfill permit to the Alabama Department of Environmental Management (ADEM).

Several weeks ago the county was successful in obtaining a moratorium exemption from ADEM.

In other matter coming before the commission, the following action was taken:

***Awarded the bid for steel pipe to Gulf Atlantic of Tallahassee, Florida. The amount of their bid was \$3,957.24 with a delivery of 3 to 10 days from receipt of order.

***Agreed to review insurance needs on flood damaged buildings in Elba before renewal (DHR bldg., Old Jail, Annex, and old Church of Christ bldg.).

***Moby informed commissioners of a 1:00 p.m. meeting today to review employee health insurance providers proposals.

***Engineer Pool told the commissioners that fuel costs were over \$8,000 per month due to the increase in prices.

***Agreed to review insurance needs on flood damaged buildings in Elba before renewal (DHR bldg., Old Jail, Annex, and old Church of Christ bldg.).

***Moby informed commissioners of a 1:00 p.m. meeting today to review employee health insurance providers proposals.

***Engineer Pool told the commissioners that fuel costs were over \$8,000 per month due to the increase in prices.

RESOLUTION PRESENTED. Commission Chairman Billy Eagerton is shown presenting Mrs. Sandra Coffey with a resolution passed by the commission praising her for the work she has done with the Adopt-A-Family Program in Elba. Mrs. Coffey was quick to say that without the assistance of many, many others in the effort, none of what was accomplished would have been possible!

PROGRAM IS NOT BEING TERMINATED!

Adopt-A-Family Program phasing down

By Marvin McIlwain
Elba Clipper Editor

Glenn Vaughan with the Adopt-A-Family Program in Elba informed this reporter that the program is being "phased down."

On December 31, the offices for the program will be moved to Enterprise, Alabama and headquarters will be at the Coffee County Department of Human Resources. DHR offices are located on N. Edwards Street next to The Enterprise Ledger.

Mr. Vaughan emphasized the fact that the program is not being discontinued, but is simply being phased down.

Ron Smith, director of the DHR, said, "We will continue to work with Adopt-A-Family, but it will be in a new physical setting."

The present location in Elba is in a trailer belonging to the Alabama Highway Department. It was on loan to the program until the end of the year.

Personnel with the county's Extension Service and Department of Human Resources will continue to administer the program for an indefinite period of time.

Vaughan advised us that he will be re-entering the retired life after coming out of retirement to assist in administering the Adopt-A-Family Program.

A job well done Glenn!

During the transition period, information concerning the Adopt-A-Family Program may be obtained by calling DHR at 847-5856 or the Coffee County Extension Service at 894-5596.

We will continue to monitor future developments in the Adopt-A-Family Program and report them to you.

Council approves CDBG resolution

By Ferrin Cox
Elba Clipper Publisher

The Elba City Council didn't take long Monday evening to approve an administrative resolution dealing with the Community Development Block Grant funds and to get a report from the chief of police.

Chief Freddie Hanchey told the council that there were 156 complaints during the past two weeks. This included three traffic accidents.

The police issued 18 traffic citations, including one for DUI. There were eight criminal arrests during the same period.

The animal control officer picked up 13 dogs. One of those was returned to the owner.

Other than those two items of business the council did hear Mayor Fred Moore say he would get copies of the FEMA damage reports on the city streets for the council members. He added there wasn't very much money approved for street repairs.

Council members expressed some concern over the condition of Putnam Street and that is what prompted the discussion of the FEMA funds for street repairs.

3-A STATE PLAYOFFS Elba plays Dallas County in Plantersville, Alabama, Friday night at 7:30 p.m. Plantersville is located approximately 17 miles North of Selma on AL Hwy. 22.

How to get to Plantersville

By Marvin McIlwain
Elba Clipper Editor

Going to the ballgame Friday night? There are two routes by which you can go to Plantersville from Elba.

If you prefer to travel the four laned roads, you can go from Elba to Troy (AL Hwy. 87), Troy to Montgomery (U.S. Hwy. 231), Montgomery to Selma (U.S. Hwy. 82-80), Selma to Plantersville (AL Hwy. 22). This is the long way, approximately 165 miles, but is four laned most of the way.

The other route in Elba to Brantley (AL Hwy. 189), Brantley to Lufkin (U.S. Hwy. 159), Lufkin to

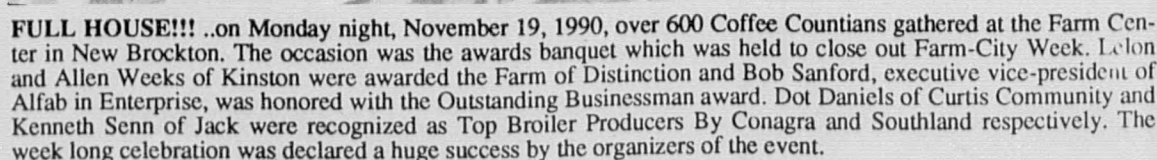

Highland Home (U.S. Hwy. 331), Highland Home - Davenport - Letohatchee - Hayneville - Lowndesboro (AL Hwy. 97), Lowndesboro to Selma (U.S. Hwy. 80), Selma to Plantersville (AL Hwy. 22). This route is shorter, approximately 125 miles, but the roads are mostly two lanes.

You should allow 3 to 3.5 hours driving time, depending on which way you decide to go. Also, the time of day at which you leave should be considered in the length of driving time. Five o'clock rush hour on the Southern By-pass in Montgomery is murder.

LET'S ALL BE CAREFUL OUT THERE - YOU HEAR!!!

GOOD LUCK!! ELBA TIGERS

3A STATE FOOTBALL CHAMPIONSHIP PLAYOFFS - QUARTER FINALS

FULL HOUSE!!! On Monday night, November 19, 1990, over 600 Coffee Countians gathered at the Farm Center in New Brockton. The occasion was the awards banquet which was held to close out Farm-City Week. LeRon Allen Weeks of Kinston were awarded the Farm of Distinction and Bob Sanford, executive vice-president of Allfab in Enterprise, was honored with the Outstanding Businessman award. Dot Daniels of Curtis Community and Kenneth Senn of Jack were recognized as Top Broiler Producers By Conagra and Southland respectively. The week long celebration was declared a huge success by the organizers of the event.

BRAINSTORMS

With Ferrin Cox

The Elba Tigers continue to win. They are well on their way to another state championship, according to the players themselves. Having been there before, we know so well that the going will get rougher before they get all the way to the top. However we wish them luck. They travel this week and as usual we will be right there at kick-off time.

In case you have not gotten the word, The Elba Clipper is "back home". We moved into the front of the building while repair work is still continuing in the back, but we did move back. It is still somewhat of a shock to realize just how much it is costing to do the necessary repair work, but it is necessary and we are just doing it. We remind you to come downtown and not to the hospital area if you have business with us. But please come!

We can sure feel for the people in the Conway, Washington area. They are right in the middle of fighting a flood. We know they have a long battle ahead of them because it is still raining there and they ain't begun to dry out nor make rebuild.

It will be interesting to see which direction the British government goes in its relationship with the United States following the resignation of Prime Minister Margaret Thatcher last week. Mrs. Thatcher was a very close friend to American government leaders and her public statements usually strongly supported the same position as taken by the U.S.

We were reading a weekly accident report last weekend and it hurt us to see the alarming number of young men and women who have lost their life in traffic accidents. Any traffic death seems to be a waste, but it pains us more when young people involved.

The leaves are real pretty right now. In fact several people have commented to us that this is the most colorful year of fall leaves they can remember, and these folks are all older than this country boy! That is something else to be thankful about.

We have another example of why average folks are often disgusted with lawyers and the judicial system in America. Two folks in the District of Columbia are suing, claiming discrimination because they were refused a marriage license. The two are admitted homosexuals of the same sex. We ain't trying to set up their lifestyles, but we resent their wanting to tarnish the sacred institution of marriage in their effort to give validity to an abnormal way of life.

Fire insurance rates are ever increasing, largely because of payments for fires to insured homes and businesses. Therefore we like to hear that officials have arrested folks for setting fires to collect the insurance. This should stop others and save us money. An arrest was made by Leon County, Florida officials recently of a couple for burning their mobile home. If they are guilty, we hope the word of their arrest gets to all potential burners.

Let us not forget Saddam Hussein. He ain't any nicer than the worst of them, but is still calling the shots in the Middle East. We hope someone will convene the man he needs to "get back in his box". But then we also need someone to find him a way to save face at the same time. Saving face is important to all of us, but this guy has a double case of that need. If he doesn't come out looking like a winner, then he comes across as weak and some other nut will just kill him and take over.

Letters to the Editor

Dear Marvin,
I trust everyone back in Elba is enjoying the holiday season. A detachment from my unit at Hurlbert AFB, FL has been sent to the Persian Gulf. I am deployed here, at Rhein-Mien AB, Germany. My job is supply support for Operation Desert Shield. I live in what is known as "Tent City" here in the German forest. Tonight, as I was sitting in the USO Tent, I noticed letters laying on the table addressed to "anyone". As I read one of the letters, I came to realize that this crisis involves much more than the political and military arenas.

I would drive from my base at Ft. Walton Beach, FL every Friday and as I drove back to Elba, I would see mailboxes, car antennas, and front doors adorned with yellow ribbons. Even the Enterprise Ledger has a yellow ribbon on its front page. But what really made my week was seeing that Elba remembered its own. Each week as I read the Elba Clipper, I see the names of the ones called to the Gulf.

Thank you for caring! I hope to be back home with my wife and daughter and my family of friends. Fly the ribbons high! Thank you for your support, SSGT Rick Maddox

Letter to the Editor:
You have helped me in the past, and I am grateful. Can I count on you again this year?

The American public is becoming more aware of the tragedy of child abuse and neglect. But generally speaking, Americans are not aware of some of the programs in operation to rescue the innocent victims of brutality.

As I mentioned in my letter to you last year, for the past eighteen years I have donated my time and energies as a member of the Board of Trustees of one such organization - St. Jude's Ranch for Children in Boulder City, Nevada, a nonsectarian facility just outside Los Vegas.

St. Jude's has grown from a capacity of 38 children to a total of 166 in the past 18 months. They care for children from across the United States and four foreign countries.

Help me help these children by alerting your readers to St. Jude's unique fund raising project, recycling used Christmas cards. In addition to recycling used Christmas cards, the Ranch collects Campbell soup labels, and if your readers want to throw in a few bucks for the children that would be helpful too.

The kids will love you for it. Cordially, Ed McMahon

P.S. Please send your Christmas card fronts to: St. Jude's Ranch for Children, P.O. Box 1426, Boulder City, NV 89005-1426. For further information call (702) 293-3131.

New Brockton Students Remember Military Friends

Miss Jan Watson's Fourth Grade Class

The true spirit of Christmas was experienced in the first grade class of Miss Jan Watson at New Brockton Elementary School recently. After a discussion of the situation in the Middle East, they decided to brighten Christmas for someone who would be away from home. They adopted a soldier from Enterprise, 1st Lt. Eileen Honey, who is a friend of Miss Watson. The students packed candy, snacks, games, toiletries, and a MBES tee shirt along with their own personally made Christmas cards and a computer banner wishing her a "Merry Christmas".

Miss Watson's class includes: Brooke Anderson, William Beckworth, Bobbie Jo Bullard, Jon Carnley, Kendra Cole, Chris Davis, Antwan Flowers, Demetrius Foster, Zach Gifford, Steven Sims, Cassidy Kerrigan, Jeremy Mack, Ryan Mitchellbach, Brandon McClendon, Christopher McChen, Emily Smith, Eric Thomas, Hollis Watkins, and B.J. Williams.

Spec. Delane Holloway has deployed to the Middle East with American military forces participating in Operation Desert Shield. Operation Desert Shield is the largest deployment of U.S. military forces since Vietnam. The operation is in response to Iraq's invasion of Kuwait and threat to Saudi Arabia.

He is the son of Herbert Holloway of Route 1, New Brockton. The soldier is a scout helicopter crew chief at Fort Hood, Texas. Holloway is a 1986 graduate of New Brockton High School.

New Hope Has Homecoming And 150 Years Celebration Recently

New Hope Baptist Church of New Hope Community celebrated her sesquicentennial, 150 years as a constituted church, on homecoming Sunday, October 28, 1990, with commemorative services. The sanctuary was filled to capacity for the 11:00 worship hour. Rev. Tommy Brill, pastor, welcomed former members and pastors and special guests. Next, he introduced Judge Marion Branson, local historian, who recounted the significant events and dates of New Hope's resplendent past as the religious center of this rural community. Following the choir, "He Looked Beyond My Faults", "All Because God's Amazing Grace", "Let His Blood Flow Through Me", Bozeman, New Hope's full time pastor, delivered the homecoming message-Laborers Together With God.

Shortly after 12:00 the congregation enjoyed a barbecue lunch in the fellowship hall. During lunch, members reminisced the "good old days" of singing schools, dinner on the ground, and baptizing in Pea River. One common thread ran throughout the fellowship - gratitude for the blessings and rich religious heritage New Hope has given so many. The historical memorabilia displayed in the fellowship hall attracted many, especially the pictures Ben Wilson made of the original church site on Pea River and land deeds dated 1892, documenting the existence of New Hope's present site. During the Thanksgiving season, the church plans to have a morning worship service at this site where the first church building set in the 1840's. A chronology of the most important dates of the church's history was given as a memento of this celebration.

A special sesquicentennial service began at 1:30 with songs of praise. Then a tape of Mrs. Maude Windham, the great great granddaughter of Thomas Cole, the founder of the original church, provided personal family stories and historical facts about the original church, the high light of the service was Representative Jimmy Holtz's reading of a resolution passed by the Alabama Legislature proclaiming New Hope Baptist Church, constituted in 1840, as the east bank of Pea River, as the oldest existing Missionary Baptist church in Coffee County After reading the resolution, Representative Holtz presented it to the oldest member of the church, Mrs. Eula Johnson, 94, the resolution was to be placed in the church foyer as a reminder of New Hope's religious heritage.

Homecoming 1990 was a remarkable day. Perhaps Mrs. Euloka Johnson, retired school teacher, but very active church member, summed up the day. "It was a day of joy and happiness with friends and acquaintances returning to their home church to have Christian fellowship with each other. It was a blessing for all to be a part of this great celebration."

"I have come," he said, "to seek and to save that which was lost." It may surprise some to know that even before they make the first step toward God, He has already taken the initiative and reached out for them.

There is absolutely nothing you can do to merit His love and forgiveness except to respond to it. He is looking for you, waiting to offer you that "living water" which will satisfy the thirsting of your soul. He came also offering to us abundant life. This is a quality of life, a fullness of life that can be found only through Christ.

It is sad that so many who profess to know Christ as their Lord and Savior live as though He is dead. If we possess the inner joy of Christ's love, we will display an outer joy that witnesses to the faith within us. John Wesley said, "Sour Godliness is the devil's religion."

We cannot convince anyone that we are Christians unless they can look at our lives and see a deep abiding faith which results in quality of life that is contagious.

Christ came to save us, to satisfy the longings of our restless souls, and to so fill us with His love that we might have life, even abundant life.

CARD OF THANKS

We the J. C. Wright family would like to say Thank You for your acts of kindness during the passing of our loved one. May God bless each of you.

TSU Campus Has New Direct In Dial Service

The Troy campus of Troy State University now has Direct In Dial telephone service. This capability allows persons from off campus to dial in with rotary or touchtone telephones and access an extension direct without going through the switchboard. Direct dial works using the dialing prefix 670 then the extension number. For example, the number for University Relations is 670-3199.

The system that is now being used will remain in effect. The switchboard is still 566-8112 and any caller must dial that number and then punch in or ask for the extension.

According to Johnny Huffman, Director of Telecommunications at TSU, the 566-8112 number will remain in operation for those people who do not know extension numbers.

Notice

A meeting is scheduled for Thursday, November 29, 1990 at 7:00 p.m. at New Brockton Elementary School to discuss the Coffee County School System's Chapter I and Migrant Programs. Parents of Chapter I and Migrant students are invited to attend.

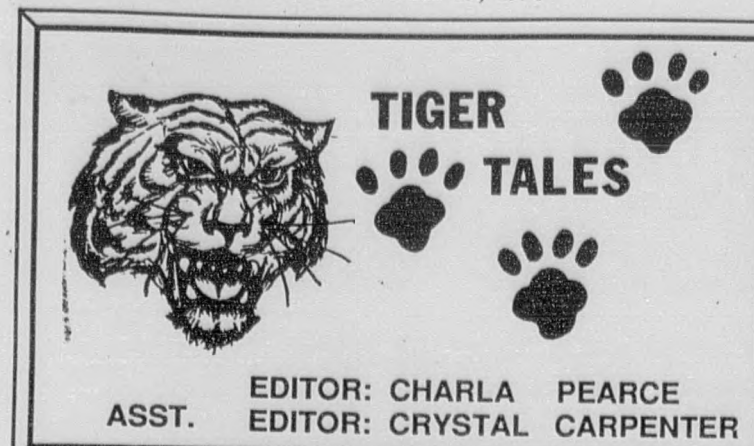

Notice

A Public Hearing will be held on Thursday, November 29, 1990 at 6:00 p.m. at New Brockton Elementary School to discuss the Coffee County School System's FY 92 Indian Education Application.

The Rap Attitude

By Chrystal Carpenter
 The Bill of Rights states that Freedom of Speech is the right to say publicly or privately what one believes, but prohibits speech that endangers the privacy or reputation of individuals such as using obscenities or by encouraging people to commit acts considered immoral. In the world today, teenagers face many problems. Some of which include suicide and teenage pregnancies. These

problems can be started by people setting bad examples. For instance, the new rap attitude of groups such as N.W.A., 2 LIVE CREW, GUNS AND ROSES, ANTHrax, and yes, even MADONNA, express obscenities and profane lyrics in their songs and videos. It is a new musical culture filled with anger and bad attitudes. Should these be considered freedom of speech or prohibited speech?

FBLA And Patriotism

By Kenya Hammonds
 Tuesday morning, the FBLA (Future Business Leaders of America) held a meeting to show their love and appreciation to our country and the flag. The theme of the program was "Proud to be an Amer-I-Can".

The activities of this meeting included a patriotic tribute entitled, "Our Freedom and what it means to us," by Vanessa White; a poem by Lashawn Coleman called "Proud to be an American"; and Cecilia Lawrence, Lawanda Rodgers, and Charlene Lockett sang two songs entitled "My Country 'tis of Thee" and "Lean on Me" to show their patriotism. The colors of FBLA are blue and gold and the goals of the club are to:

- Develop competent, aggressive business leaders.
- Strengthen the confidence of students in themselves and their work.
- Create more interest and an understanding of American business enterprise.
- Encourage members in the development of individual projects which contribute to the improvement of home, business and community.
- Develop character, prepare for useful citizenship and foster patriotism.

For Your Info

By Charla Pearce
 •The Seniors would like to extend a special thanks to Jason Hogan for the song he wrote and dedicated to us at a recent pep rally. Jason possesses a beautiful talent and we feel honored having him express his talent to us.

•Semester tests will be given on December 18th and 19th.
 •Christmas holidays will be from 3:00 p.m. December 19th, until 8:00 a.m. January 3rd.

•The first varsity basketball game was played November 20th in Rehobeth. Best of Luck to all of you involved in varsity roundball.

•For all of you who may be concerned about safety in our trailers at E.H.S., we were involved in a fire drill recently. The fire alarms were set off by a smoke bomb and the students and faculty were directed to the parking area. The ordeal was conducted in perfect order and should such an emergency ever occur, the safety of the students will be well taken care of.

Problems & Solutions

By Crystal Carpenter

You have heard over the past few months of the problems that we face, that "insane" man we face Hussein has caused a whole lot of this trouble. We are beginning to have economic problems of high unemployment, a weak dollar, and possibly a recession. Why do such people tend to enjoy "starting up trouble"?

Well, from what I have learned in Economics and Sociology, Hussein wants a god named "Allah". Hussein and his followers would die for Allah and he will kill for Allah. They don't care about other people!

I wonder how they love, for it seems to be very hard to love if you don't care about others. Just like the song says "What the world needs now is love, sweet love."

Antia Harris

Antia Harris Is Winner In Sunshine Girl Pageant

Seven year old Antia Maletha Harris, granddaughter of John L. and Annie P. Bullard, has recently made spectacular displays of her many talents. Antia was one of 45 contestants, ages 3-23, and winner of the November 4th Sunshine Girl Pageant held in Ann Arbor, Michigan. Her title, Miss Royal Northern U.S. Sunshine Celebriety, was obtained for achieving the most accumulated points in all events, all age categories. The events judged were photographic, gown and interview, sports wear modeling, and talent. For talent, she sang "Part of Your World" from the Disney movie "The Little Mermaid" and received perfect scores from each of four judges. Antia's winning prizes included a five foot trophy, crown, banner, cape, a Savings Bond and a walk-on part in Paula Abdul's next video.

The following weekend, November 10 and 11, she attended the Great Lakes Modeling Convention in Cuyahoga Falls, Ohio. There she was aspiring to improve and broaden the opportunities for future career goals. She entered the Runway Modeling Convention, a new challenge, and won first place in a field of 20 age group contestants. Also, Antia was able to meet and interview by many New York, Texas, California, and international modeling and talent managers and agents.

1990 Annual Report Coffee County Soil and Water Conservation District

Board of Supervisors

Left to right: Martin Moates, chairman, Enterprise; Fred Clark, Elba; Robert English, secretary-treasurer, Demascus; Marion Sanders, Roeton; Charles Mallory, vice chairman, Kinston.

The Coffee County Soil & Water Conservation District was organized in 1959 and has just completed its 31st year of operation. The board shown above has the responsibility for developing the conservation program to fit the needs of Coffee County. These conservation programs are aimed at protecting soil, water and related resources. The board, working closely with the USDA-Soil Conservation Service, assists landowners to plan and apply conservation practices that protect and improve their land.

1990 will be a year remembered for its extremes. We went from the flood in the spring to a drought in the summer. The majority of our workload this year has been on assisting the county and our farmers in recovering from the damage caused by the flood.

In recognition of the conservation need in the country, we have supported the following conservation programs: Alabama Resources Conservation Program, and the Wilkerson Creek, Whitewater Creek and Northeast Yellow River watersheds.

Through the years our conservation program has continued to prosper and grow. The reason for this growth is that the local support in the county is second to none. We appreciate this support and want each person who provided it to look upon this report as a summary of their own accomplishments.

CHRISTMAS SHOPPING

Whether you have or haven't started your Christmas shopping, take the advice of a well-known Christmas song. That is, to "make a list and check it twice." This will help keep your holiday spending under control.

List the items you would like to purchase. If possible, comparison shop and hunt for bargains. Shop during off-hours when faster service is available.

Identify the quality needed. In some cases, medium-quality or lower quality goods may be acceptable. And this can help stretch your budget.

If possible, pay cash. This will eliminate finance charges involved with credit. If you need to buy on credit, shop around for the best type. Pay attention to the terms and annual percentage rates.

Think through layaway plans before signing a contract for one. Get all the specifics in writing. Find out if payments you've made will be refunded if you change your mind or if you're unable to complete the purchase.

DESSERT DIP PARTY
Planning and preparing special foods is part of the holiday excitement. Anticipate spur-of-the-moment company, file quick and easy recipes to come to the rescue. Dessert dips is one of these and it begins with the convenience of non-dairy whipped topping.

Simply add one-third cup of any

one of the following ingredients to a 4-ounce container of thawed frozen non-dairy whipped topping: crushed peanut brittle, finely chopped sweet cooking chocolate are crushed peppermint liqueur. Serve as a dip with assorted fruits and cookies.

Before holidays get underway, be sure to have a few handy containers of frozen non-dairy whipped topping stored in the freezer, as well as the other ingredients to go.

A RECIPE FOR YOUR ENJOYMENT

Potato Casserole

1 2-lb. bag frozen hash brown potatoes
3/4 cup margarine
1/2 cup medium onion, chopped
1 1/2-cup carton sour cream
2 cups grated cheese
1 t. salt
1/2 t. pepper
2 cups dried bread crumbs
1 can mushroom soup
Thaw potatoes enough to separate. Combine dry bread crumbs with remaining 1/4 cup melted butter and 1/2 cup grated cheese. Sprinkle over top. Bake at 350 degrees F. 45 minutes. Mix well. Pour into well greased 2-quart oblong baking dish. Melt butter. Add 1/2 cup butter, onions, sour cream, soup, salt, pepper and 1 1/2 cups grated cheese to potatoes. This will freeze well before baking.

Conservation Reserve Program Payments To Total 1.6 Billion

Secretary of Agriculture Clayton Yetter announced recently that full cash payments of more than \$1.6 billion will be issued to about 330,000 producers participating in the Conservation Reserve Program.

USDA's Agricultural Stabilization and Conservation Service will notify its county offices today to immediately issue annual CRP rental payments," Yetter said. "I'm pleased that USDA can make these payments, which are essential to many producers, without further delay."

The annual rental payments are for contracts producers signed to place cropland in the CRP in crop years 1986-90. This is the first fiscal year 1991 payment. Under the CRP, producers agree to retire highly-erodible and other eligible cropland from production for 10 years. In return, USDA makes annual rental payments to the producers and shares with them the cost of establishing an approved vegetative cover. To date, 33.9 million acres have been placed in the CRP.

ROUND AND ABOUT WITH ERIA - 897-2006

Not unto us, O Lord, not unto us,
but unto thy name give glory, for thy
mercy, and for thy truth's sake.

Wherefore should the heathen
say, Where is now their God?
But our God is in the heavens; he
hath done whatsoever he hath
pleased.

Their idols are silver and gold,
the work of men's hands.
They have mouths, but they speak
not; eyes but they see not;

They have ears, but they hear not;
noses have they, but they smell not;
They have hands, but they handle
not; feet have they, but they walk
not; neither speak they through their
throat.

They that make them are like
unto them; so is every one that trust-
eth in them.

 HARDWARE

© 1990 by COTTER & COMPANY Chicago, IL 60614 100% Retailer-Owned Warehouse Distributors & Merchandisers
 Because this is a syndicated publication prepared in advance by Cotter & Company for distribution by over 5,000 independently owned and operated retail store members, some merchandise illustrated may not be immediately available on demand. However, any item that is unavailable can be ordered in full or in part by the member store from a regional warehouse located for these purposes. Items are purchased for sale by store in their regular season. Many items in this circular come unassembled. This store is not responsible for assembling merchandise unless stated. This circular must be presented in store in advance of the actual distribution period. At times, an advertised item may not be available because of sales above anticipated demand or because of circumstances beyond our control while we try to avoid such situations, we have no control over our manufacturers' delivery policies. This store reserves the right to limit quantities, correct pricing errors and require central billed office deposits or cash payment before items will be added to prices. Cash billing is required by True Value members who own their own stores and set their own retail prices. Green Thumb, Harvard Cutlery, Lyle Chief, Master Electrician, Master Mechanic, Master Painter, Servpro, Snow Chief, The Best, True Value, The Quik, The Seal and Value Bright are registered trademarks of Cotter & Company.
